Upcoming Deadlines

(1) Week 3 Perform Exercise  - Friday Sep. 29, 6:00pm
(2) Week 4 Prepare Exercise  - Sunday Oct. 1, 9:00pm
(3) Assignment 1  - Tuesday Oct. 3 before 9:00pm

108 - Get Help Hours

Office Hours Calendar:
http://www.cdf.toronto.edu/~csc108h/fall/gethelp.shtml

Piazza:
https://piazza.com/utoronto.ca/fall2017/csc108

=> Please search first before posting to avoid duplicate questions!
=> Please use meaningful question names.
=> Do NOT post any code for marked components of this course.

Assignment 1 due next Tuesday!

Due: October 3rd before 9:00pm

Read handout carefully here:
www.cdf.toronto.edu/~csc108h/fall/assignments.shtml

Requires material covered in the first 3 weeks of classes and is individual.
Assignment I

=> Have you read the handout?
=> Have you written the docstrings for all the required functions following the Function Design Recipe?
=> Have you thought about what each function should do and how it should do it?
=> Start writing the code!
=> Test your code (every function you wrote) with many many examples!
=> Ask questions at 108 Office Hours, First-year Help Centre, Help Centre, Piazza, etc.

Assignment I

Don’t wait for the last minute to submit.

=> Submit early just to see how the submission system works. You can resubmit multiple times. Just make sure the last submission before the deadline is the right one :) If you think you’re done:
  => Test your code with more examples. The more exhaustive your testing, the more confident you’ll be your code is actually correct.
  => Run the checker.py one last time.
  => If you make any changes to your code, repeat all these steps!

Good Luck and Happy Coding!
