Final Exam
We'll talk more about the exam in the last class.

Old exams posted - use them wisely!
Exam prep sessions: Thursday 7 Dec 10am, 11am, 1pm, 2pm in MP102.
Review the Faculty of Arts & Science exam rules

Assignment 3
- Use Piazza’s search!
- Most of the questions we get have already been answered there.
- See the pinned posts.
- Extra office hours are posted on the calendar on the website

Reminder for A3
(How to avoid an unpleasant meeting as you prepare for exams)
- Don’t look at anyone else’s code - even if you understand it, you’re likely to produce that solution, not your own
- Don’t show anyone else your code - even if they “understand it”
- Don’t post your code online anywhere - this includes on Facebook, Stack Overflow, Pastebin, to online tutors, etc
- Don’t copy code you find online anywhere - this includes all of the above, including online tutors
- Don’t search online for solutions - see point #1

It is better to submit an incomplete assignment than to commit an academic offense.

We look for it and take it seriously. Don’t do it!
Course Evaluations

Please complete them! Your feedback is very useful to us!

If the response rate is over 50% by Sunday, I'll bring candy on Monday.
