Upcoming Deadlines

(1) Week 3 Perform Exercise  - Friday Jan. 26, 6:00pm

(2) Week 4 Prepare Exercise  - Sunday Jan. 28, 9:00pm

(3) Assignment 1  - Tuesday Jan. 30 before 9:00pm

108 - Get Help Hours

Office Hours Calendar:
http://www.cdf.toronto.edu/~csc108h/winter/gethelp.shtml

Piazza:
https://piazza.com/utoronto.ca/winter2018/csc108

=> Please search first before posting to avoid duplicate questions!
=> Please use meaningful question names.
=> Do NOT post any code for marked components of this course.

Assignment 1 due next Tuesday!

Due: January 30th before 9:00pm

Read handout carefully here:
www.cdf.toronto.edu/~csc108h/winter/assignments.shtml

Requires material covered in the first 3 weeks of classes and is individual.
Assignment 1

=> Have you read the handout?
=> Have you written the docstrings for all the required functions following the Function Design Recipe?
=> Have you thought about what each function should do and how it should do it?
=> Start writing the code!
=> Test your code (every function you wrote) with many many examples!
=> Ask questions at 108 Office Hours, Help Centre, Piazza, etc.

Assignment 1

Don’t wait for the last minute to submit.

=> Submit early just to see how the submission system works.
You can resubmit multiple times. Just make sure the last submission before the deadline is the right one :)

If you think you’re done:

=> Test your code with more examples. The more exhaustive your testing, the more confident you’ll be your code is actually correct.
=> Run the checker.py one last time.
=> If you make any changes to your code, repeat all these steps!

Good Luck and Happy Coding!
