Reminders

• Tomorrow, Dec. 7th: make-up Monday class (for Thanksgiving Monday)
  • No new course content. I plan to answer questions and do examples on course topics YOU want.

• A2 due tonight
  • There is 1 grace hour (till 11pm).
  • After that there is an 8% deduction per hour.

• E7 due tomorrow
Questions about E7
Questions about A2
Reminders

• Course Evaluations:
  • Please do take some time to complete them for this course and others by Friday.
  • Current CSC120 response rate 34.42%

• Also:
  • If there is also specific feedback you want to share, you are also welcome to email me or use the anonymous form linked on the course website.
Exam

- 3 hours
- Check Arts and Science schedule for time and room.
- Bring your student card.

- Covers entire term

- Study by reviewing everything we’ve done so far.
  - Do questions on paper
  - Then try typing in your answers
  - Then ask/check any solutions.
  - Review any mistakes you’ve made, so you do not repeat them
Administrative

• If you have any concerns about A1, please send me an email by tomorrow Thursday. I will be dealing with all the emails and getting back to you in the next few days.

• If you have not picked up your midterm, please do!

• I will add extra office hours this Friday.

• Heads up that on Monday I have another exam in the morning, so I won’t be able to respond to questions that day 😞
Don’t forget the road traveled 😊

• Remember how most of you were still standing after I asked anyone who had ever written a program to sit down?

• You’ve come a **really long way** in these 12 weeks! Think about all the cool things you can now do in Python

• I hope you’ll be curious to learn and code more in the future.

Keep on Learning (and coding)!

Thank you!
