Grading Scheme

<table>
<thead>
<tr>
<th>Item</th>
<th>Weight</th>
<th>Description &amp; Due Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assignments</td>
<td>40%</td>
<td>Four of them, 10% each (if desired, you can work in teams of at most two) Due: June 4, June 18, July 23, Aug 6</td>
</tr>
<tr>
<td>Midterm</td>
<td>15%</td>
<td>June 18, in class</td>
</tr>
<tr>
<td>Final Exam</td>
<td>45%</td>
<td>You must get at least 40% on the final exam, otherwise your final mark will be set to at most 47%</td>
</tr>
</tbody>
</table>

Textbook

(Recommended, but not required)

Late Policy

All work will be submitted electronically, the submission time set to 23:50 of the due date. Having technical problems, poor Internet connection, etc. will not be accepted as reasons for late submissions. For exercises, the deadlines are firm and no late submissions will be accepted. For the assignments, late penalties will be applied as follows: for the first 24 hours, 1% per hour or part thereof will be deducted. After 24 hours submissions will not be accepted. If you have an issue that prevents you from submitting on time, please contact your instructor immediately.

Petitions

If you are unable to complete homework or if you miss a test due to major illness or other circumstances completely outside of your control, please contact your instructor immediately. Special consideration will be considered on an individual basis and will not be given automatically. In other words, you risk getting a mark of zero for missed work unless you contact your instructor promptly.

In the case of illness, medical documentation must be supplied on the official University of Toronto Verification of Illness or Injury Form (see the course website for a link to this document). If you are working as part of a team, the other member is responsible to submit on time. If you have any concerns or questions regarding your situation, please contact your instructor or your College Registrar—they are well-equipped to help you with anything you may be going through.
Remarking

All remarking requests must be received within two weeks of the date when the work was returned. It is your responsibility to check course announcements regularly (for work returned electronically). It is to your advantage to be specific when you write up your request: either clearly demonstrate that the marking scheme was not followed correctly, or ask questions about specific elements in the marking scheme. Note that marks are awarded based on merit, not on need—that is the only fair way to award marks—so statements like “I worked really hard” or “I really need those marks” are not good reasons, unfortunately.

If you are unsure whether or not your work was marked correctly but you have not necessarily found an actual error in the marking, please speak with your instructor.

Collaboration

Everything that you submit for marks (assignments, exercises, tests and exam) must not contain anyone else’s work or ideas without proper attribution. In particular, the writeup of your homework must be done in isolation from other groups and without copying from notes or other sources. This ensures that your solution is truly your own, and that your grade reflects your own understanding of the course material. To be safe, do not let others look at your solutions, even in draft form and even after the due date. Please read the Rules and Regulations from the U of T Calendar (especially the Code of Behaviour on Academic Matters): http://www.artsci.utoronto.ca/osai/The-rules/what-is-academic-misconduct
