

CSC104 Quiz #1

Name:

Assume that DrRacket has been started up in the Intermediate Student with lambda language, and that the following command has been run:

```
(require picturing-programs)
```

For full marks describe or draw what DrRacket produces for at least 4 out of 5 of the expressions below:

```
(string-append "oo" "ps")
```

```
(beside ♣ ◇ ♥)
```

```
(* 2 4 1)
```

```
(rotate 90 ♣)
```

```
(> 7 5)
```
